Key features of Millennium Class ships

Speciality Dining – exquisite cuisine presented and finished tableside in surroundings that pay homage to the great ocean liners of the last century.

Cirque du Soleil® – exclusive to Constellation and Summit, be entertained by a magical performance in the state of the art three-tier theatre. Afterwards, enjoy an exotic cocktail in 'The Bar at the Edge of the Earth™', a dream-like lounge bar.

AquaSpa™ – the luxurious and tranquil spa facilities are the largest afloat. They even feature a Persian Garden – a steam room where the exotic aroma of eucalyptus envelops the senses.

The Conservatory – high above the sea, the magnolia scented Conservatory is a breathtaking garden featuring the exclusive collection of world-renowned floral designer, Emilio Robba.

Our newest class of ship was introduced in 2000 with a specific focus on spacious design and while they are the largest in our fleet, they have a particularly generous guest-to-space ratio. Most of the expansive staterooms have ocean views with 74% of these possessing their own private balconies. Each ship also features a 2,300 sq m, AquaSpa™, the largest you'll find at sea.
